# About us

Because the start of our relationship marked the beginning of our very personal journey. Our motto: "Live for all the moments that cannot be put into words", accompanies us on our travels around the globe and in private.

Since May 2021, our lovely dog Moon has been travelling with us and she is our best travel buddy. She is one of the things that makes our little family perfect.

We love this couple adventure. We are super grateful to be able to share everything with our followers and are always happy to give authentic recommendations!

Jana, Daniel & Dog Moon

We, **Jana** (25) and **Daniel** (27), are adventurous, married since August 2022, still live in Cologne and love to discover our world. No matter if it's with our roof tent, by train or by plane. The main thing is to discover new places, get to know new cultures and most importantly: ourselves!

In 2020, we decided to document our adventures around the globe and show other people the world through our eyes.

We have named this project:  
**NEVERENDINGCOUPLEVOYAGE**.

This name stands for all the adventures you experience as a couple, as a team or as an individual. It also stands for a never-ending personal development on one's own life path and ultimately for our own love relationship.

***Das Leben ist zu kurz für irgendwann und die Welt zu groß!***
